Candidate facilitator reply

Rate this candidate reply. 1 = strongly disagree, 5 = strongly agree.

Empathy (*the reply acknowledges and validates what the participant shared*)

1	2	3	4	5
--------------------------------	--------------------------------	--------------------------------	--------------------------------	--------------------------------

Personalisation (*the reply reads as a response to this specific participant rather than a generic message*)

1	2	3	4	5
--------------------------------	--------------------------------	--------------------------------	--------------------------------	--------------------------------

Programme fidelity (*the reply matches the Hope Programme's facilitator style and Motivational Interviewing principles*)

1	2	3	4	5
--------------------------------	--------------------------------	--------------------------------	--------------------------------	--------------------------------

Conversational fit (*the reply would feel natural as the next turn in a peer-support conversation*)

1	2	3	4	5
--------------------------------	--------------------------------	--------------------------------	--------------------------------	--------------------------------

Length and tone (*the reply is appropriately concise and warm (neither curt nor over-long)*)

1	2	3	4	5
--------------------------------	--------------------------------	--------------------------------	--------------------------------	--------------------------------

Would you send this reply?
